

**MALAYSIA
UNIVERSITY**
of SCIENCE and TECHNOLOGY

MALAYSIA UNIVERSITY OF SCIENCE & TECHNOLOGY

Welcome to one of the most diverse and rapidly growing institutions in the country. MUST provides an ideal environment for students to achieve success. We offer a range of undergraduate programs in science, technology, and business, equipping students with critical thinking, problem-solving, and communication skills. Our postgraduate programs enhance professional development and knowledge.

Our holistic approach to education includes enriching non-academic activities through various clubs, organizations, and community projects. MUST is more than a university; it's a launchpad for your ambitions, offering transformative education, academic excellence, industry-ready skills, and a commitment to social responsibility.

We look forward to welcoming you to our campus.

Warm regards,

Prof. Dr. Premkumar
Rajagopal
President, MUST University

WHY MUST?

MUST is more than an educational institution; it is a place where future leaders and innovators are born. Join us and be a part of a community committed to excellence, innovation, and societal impact.

Quality, Not Quantity

We focus on curated programs in high-demand fields such as Business, Information Technology, and Transportation & Logistics. Each program is designed to provide comprehensive knowledge and practical skills essential for success in today's competitive job market.

Business

Gain a strong foundation in business principles, management, and entrepreneurship.

Information Technology

Stay ahead in the rapidly evolving tech industry with cutting-edge courses in software development, cybersecurity, and data analytics.

Transportation & Logistics

Master the complexities of supply chain management, logistics, and transportation systems to ensure goods and services flow efficiently.

Global Recognition

MUST was established in collaboration with the Massachusetts Institute of Technology (MIT), USA. Inheriting MIT's prestigious system and culture, MUST is recognized as one of the top universities in Malaysia for its world-class programs.

MIT HERITAGE

Industry-Leading Faculty

Our professors are not just academics – they are seasoned industry experts who bring real-world knowledge to the classroom.

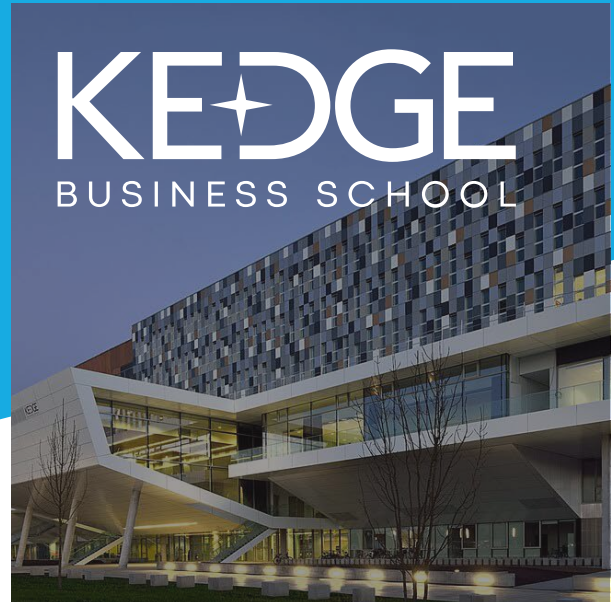

High Employability Rate

Over 90% of our students receive job offers before graduating. This is a testament to our hands-on programs, which are constantly updated to meet industry needs.

Empowering Community Leaders

Develop your leadership skills through impactful community projects and initiatives focused on sustainability.

Exclusive Partnership

Our collaboration with KEDGE Business School, a top-ranked European institution, provides our students with international exposure and learning.

THE WINNING CHOICE FOR A PURPOSEFUL EDUCATION

Flexible Learning

Choose from on-campus or hybrid learning models to suit your personal and professional needs.

#1 Choice for PhD Students
